If the quarterly average of Total Packages shipped falls below the minimum volume set for Tier 1 pricing, the Postal Service in its sole discretion has the right to revert Customer to the most current Priority Mail Commercial and USPS Ground Advantage – Commercial prices for the subsequent Contract Quarter.

- H. Customized prices for this Contract will be based on a rolling four (4) quarter average. Following the first full Contract Quarter, the average will be based on the number of Total Packages shipped divided by the number of full Contract Quarters achieved. At the conclusion of the first four (4) full Contract Quarters, pricing for subsequent Contract Quarters will be calculated by the number of Total Packages shipped in the previous four (4) Contract Quarters divided by four (4). At the conclusion of each Contract Quarter, the Postal Service will calculate the number of Total Packages and the number of applicable quarters to calculate and apply the appropriate rate table within thirty (30) calendar days of the conclusion of that Contract Quarter. The Postal Service will notify Customer, within thirty (30) calendar days after the start of each full Contract Quarter, of the applicable tiered discounts for any Contract Packages shipped during that Contract Quarter. - J. Allocation of Risk for the Period of Regulatory Review. The Parties acknowledge that pursuant to 39 U.S.C. section 3632(b)(3) their expectation is that the Commission will approve this Contract within fifteen (15) calendar days after this Contract is filed. If approval by the Commission is not received by the fifteenth (15) calendar day, the Postal Service agrees that it will accept the risk for such regulatory delays. In the event the Commission takes longer than 15 calendar days for its review, the Customer may begin shipping packages consistent with this Contract. The Postal Service will guarantee a refund that will apply to all packages fitting the definition of Contract Packages in Section I.B of this Contract. The refund will be calculated as the difference between the Contract Prices in this Contract and the prices Customer would otherwise pay pursuant to the published rates for such packages that Customer shipped, beginning on the fifteenth (15) calendar day after this Contract is filed until the Effective Date (“refund period”), at which point the Contract Prices will be in place. In the event the Commission does not approve this Contract, the refund period will end on the date the Commission issues its Order to such effect, as the period of regulatory review will have expired.

K. Surcharges, Additional Fees and Time-Limited Price Changes.

- 1. To the extent the Postal Service promulgates a surcharge, additional fee, or time-limited price change (TLP), applicable to the products defined and referenced in Term I.B, during the term of this Contract, such surcharge, fee, or TLP will be applied to the then applicable prices for those products under this Contract, subject to the same terms as such surcharge or fee is applied to the prices of general applicability for those products, respectively, as calculated by the Postal Service.

RESTRICTED AND SENSITIVE BUSINESS INFORMATION – DO NOT DISCLOSE

4. The Postal Service reserves the right to forego an increase pursuant to this section, or increase by a lesser amount (but no less than zero), at its sole discretion. During any year of this Contract, if there is no TLPC, the annual adjustment will be applied pursuant to Section I.I, Annual Adjustment, on the anniversary date of this Contract’s Effective Date.
